

North Haven Conservation Commission
November 28, 2011

North Haven Recreation Center – Conference Room

Meeting called to order at 7:30 by Chairman Davis.

Present Sandy Stetson, Mary Mahon, Dorie Baker, Hugh Davis,
Sal Bonito. Absent: Jim Grillo.

Hugh Davis has been reappointed to another term as Conservation Commission Chairman.

Hugh will contact First Selectman and request an additional member be added to the commission.

Dorie Baker discussed the movement to get members of all religious beliefs involved in environmental issues. The movie “Journey of the Universe” is part of this effort. Commission members will watch the movie and hopefully offer suggestions as to how we as a Commission might involve our community.

IPM: Hugh reviewed the draft of a letter to be sent to Education employee Grant Peckham. The Commission members agreed this is the proper way to open dialogue with The Board of Education and Town officials as to the use of pesticides on school property.

Earth Day: Tentative date April 28, 2012. Hugh will try to arrange a meeting with First Selectman, Superintendent of Schools and Commission members to discuss how we could include the schools in Earth Day and how we might fund various activities.

Next scheduled meeting December 19, 2011.

Meeting adjourned 8:50 pm.

Respectfully submitted,

Sal Bonito – Secretary
